Are you a reflexologist looking to expand your skills and knowledge? Look no further than Hand Reflexology For Practitioners. This comprehensive guide will teach you everything you need to know about hand reflexology, from the basics to advanced techniques.

Hand reflexology is a type of massage that uses pressure points on the hands to improve health and well-being. It is based on the principle that the hands are a microcosm of the entire body, and that by stimulating certain points on the hands, you can improve the function of the corresponding organ or system in the body.

Hand Reflexology For Practitioners is the most comprehensive guide to hand reflexology available. It covers everything from the basics of hand reflexology to advanced techniques such as meridian therapy and acupuncture. The book is also packed with over 100 illustrations and diagrams to help you learn the hand reflexology points and techniques.
