Gemma Doyle is a young girl who lives in the year 1905. She is a spunky and independent girl who is not afraid to speak her mind. When her father dies, she is sent to live with her uncle at his manor in the English countryside. Gemma soon discovers that the manor is not what it seems. It is rumored to be haunted, and Gemma soon begins to experience strange and frightening things.

Gemma is determined to find out the truth about the manor and its ghosts. She enlists the help of two other girls, Felicity and Ann. Together, they investigate the manor's dark past and uncover a secret that has been hidden for centuries.

### **Excerpt:**

"I have come to believe that there is no such thing as a ghost story that is not also a love story. For what are ghosts but the echoes of love that linger after the body is gone? And what is love but a force so powerful that it can transcend even the boundaries of death?"
